

* `<audio src="wavv.mp3"></audio>`

* `<video src="rohith.mp4" Controls></video>`

(Q) Best method for audio and video integration?

`<audio Controls>`

`<source src="/wavv.mp3" type="audio/mp3">`

`</audio>`

Same in `<video Controls>`

`<source src="/rohith.mp4" type="video/mp4">`

`</video>`

(Q) For YT Content :-
